

JULIAN COMMUNITY TRAIL DESIGN & MANAGEMENT GUIDELINES

Countywide Community Trails Master Plan (CTMP) guidelines apply to all community and subregional plan areas. Community-specific information contained in this section is intended to accommodate specific needs of this community. Where there are differences between countywide guidelines and community-specific guidelines contained in this section, the community guidelines will take precedence. Where design or management guidelines are not addressed, the Countywide CTMP guidelines shall apply.

COMMUNITY CHARACTER STATEMENT

No additional text was provided.

THE NEED FOR TRAILS

Julian's population was recorded in the 1997 US Census at 2,790. This population status was used to determine the current trail need in Julian utilizing an equation established by the Trails System Assessment (TSA) in 2001, which identified a minimum baseline level of service for each community by population. The Baseline Level of Service or Trail Need is 0.8 miles of trail per 1,000 people (Baseline or Trail Need = population /1,000 x 0.8). Please refer to CTMP section labeled "The Need for Trails" for additional information about the baseline level of service.

The statistics discussed in the **Table 1** below includes both trails and pathways. Using the baseline level of service as a guide, Julian's population indicates a current need for 2 miles of community trails and a future need for 3 miles of community trails in the year 2020.

Table 1: Julian Baseline Level of Service

Category	Miles
Existing Trails	5
Current Baseline	2
Future Baseline in 2020	3

The Julian Trails Plan, as indicated in the **Table 2** below, contains Priority 1, 2, and 3 trails. When the community developed this plan, their target mileage for combined Priority 1 and Priority 2 trails was the baseline level of service for year 2020, which is 3 miles. The Julian Trails Plan currently reflects a combined Priority 1 and 2 total of .5 miles and the Priority 3 trails total .3 miles. The overall prioritized mileage is .8 miles. The community trail/pathway alignments and priorities and the mileage calculations below are based on the Julian GIS digitized maps.

Table 2: Julian Community Outreach - Prioritized Trails

Category	Miles
2020 Baseline (Priority 1 & 2)	3
Priority 1 & 2 on Map	.5
Priority 3 identified on Map	.3
Total Prioritized Mileage on Map	.8

GOALS, POLICIES & IMPLEMENTATION STRATEGIES

Julian does endorse the Countywide Goals, Policies and Implementation Strategies. Please refer to CTMP section labeled “Goals & Policies”. As a result of the 2002 CTMP Outreach, Community Specific Goals Policies and Implementation Strategies developed.

The following are countywide CTMP abbreviations for your convenience:

CG = Countywide Goal	SG = Community Specific Goal
CP = Countywide Policy	SP = Community Specific Policy
CIS = Countywide Implementation Strategy	SIS = Community Specific Implementation Strategy

Please refer to CTMP section labeled “Goals & Policies” to be used in conjunction with these Community Specific guidelines.

Policy: SP 1

A trail will not be proposed by the Community through private property, unless a written statement is obtained stating that the landowner is willing to donate his land to the County for a trail.

Policy: SP 2

If additional road right-of-way is needed for proposed pathways, the pathway will not be implemented.

Policy: SP 3

Staging areas for community trails are discouraged.

Implementation Strategy: SIS 1

When a new trail/pathway is proposed by the Community, the Julian Trails Subcommittee will go to the site to determine the feasibility of putting a trail/pathway in that location and make a recommendation to the planning group

Implementation Strategy: SIS 2

When the community proposes a new pathway, the Julian Trails Subcommittee will notify the abutting property owners. The planning group will consider abutting property owner response when deciding whether to support the proposed pathway.

Implementation Strategy: SIS 3

When feasible and determined to be safe, pathway width less than 10' may be implemented.

DEVELOPMENT AND MANAGEMENT GUIDELINES

Julian does not endorse Countywide Design Guidelines in the Development and Management section of the CTMP. However, the Countywide Trail Types and Design Guidelines will apply to Julian unless specific detailed modifications are proposed. Please refer to CTMP section labeled "Development Guidelines" with the exception that

"TYPE A" trails contained in the Trail Design Guideline Matrix will not be implemented in the Julian Plan Area.

COMMUNITY IMPLEMENTATION INFORMATION

No additional text was provided.

JULIAN TRAILS MAP SUMMARY

As a result of the CTMP community outreach process Julian completed several tasks, which produced a community trail map. During this process they reviewed, identified and prioritized community trails and pathways as well as their special features. Each trail and pathway was labeled and recorded producing a trails map and index, which was delivered to the County (**Appendix A**). The County reviewed, formatted and incorporated the community trail information into the CTMP.

APPENDIX A

Trails Map Index

GIS Map Revisions

JULIAN TRAILS MAP INDEX

The following is the original (unchanged) trail map index completed by the community of Julian for future reference. A total of 3 trail and pathway segments are identified within the community boundary of Julian. While this index was unchanged, it shall be modified prior to implementation to incorporate County trail map revisions necessitated during the GIS digitization process. These revisions are included in the next appendix section and are titled “**Julian GIS Map Revisions.**” Once the **Julian Trails Map Index** is modified to include the County revisions, it will accurately correspond with the digitized trails map.

JULIAN TRAILS MAP INDEX

Trail # : 1	<u>USGS</u> <u>Quad(s):</u> 38	<u>Name: Cape Horn</u> <u>Connections:</u> Historic Townsite to schools	Trail Status: (X) Existing () Proposed	<u>Trail Priority Criteria:</u> Trail connection to schools to historic town site existing for years.	<u>Special Features:</u> west end of pathway elevated above Main St. and is 6' - 8' wide.
			Trail Type: () Trail (X) Pathway		
			Trail Priority: (X) 1 () 2 () 3		
			Estimated Trail Length in Miles: 1/4 mile		
Trail # : 2	<u>USGS</u> <u>Quad(s):</u> 38	<u>Name: Apple Lane</u> <u>Connections:</u> Schools to Jess Martin Park	Trail Status: () Existing (X) Proposed	<u>Trail Priority Criteria:</u> Trail connection between schools and Jess Martin Park along light traffic road	<u>Special Features:</u> Private Road with irrevocable offer
			Trail Type: () Trail (X) Pathway		
			Trail Priority: () 1 (X) 2 () 3		
			Estimated Trail Length in Miles: 1/2 mile		
Trail # : 3	<u>USGS</u> <u>Quad(s):</u> 38	<u>Name: Ray Redding</u> <u>Connections:</u> Schools to Manzanite Drive via Hollow Glen Rd.	Trail Status: () Existing (X) Proposed	<u>Trail Priority Criteria:</u> Connects schools to residential area east of historic	<u>Special Features:</u> If this route is achieved by the Safe Routes to School Grant we would reserve the right to amend our 3rd priority
			Trail Type: () Trail (X) Pathway		
			Trail Priority: () 1 () 2 (X) 3		
			Estimated Trail Length in Miles: 1/2		

This Outreach Trails Map Index is raw data submitted by the community of Julian for County records, management and implementation as well as future trail verification.

JULIAN GIS MAP REVISIONS

Attached is a list of modifications made by the County during the process of digitizing the trail maps. These changes were needed to maintain consistency and accuracy.

QUAD MAP NO. 38		
Trail/Pathway Number	Trail/Pathway Description	County Response/Action
3	Planning Group Description: Schools to Manzanita Dr. via Hollow Glen Rd.	Trail was started at left front of the school building fronting Banner Rd. and continued to Hollow Glen Rd down Hollow Glen to intersection with Manzanita Dr.
GENERAL COMMENTS		
Trail/Pathway Number	Trail/Pathway Description	County Response/Action
Preliminary trails	Original trails marked by Planning Group	All trails not prioritized were removed.
Regional trails		All Regional Trails to remain.
